PLEASE REMEMBER

That we are pleased to publish every item of news concerning our friends and their friends that it is possible for us to obtain—

BUT PLEASE REMEMBER

That sometimes the postal card you send is accidentally slipped into the folds of a newspaper when it is placed in our mail box and it may be several days before we find the item, and by that time the paper has been printed and the item omitted.

It frequently occurs that items are sent in at a late hour and it becomes impossible for us to get them in type because of lack of time and help.

We appreciate every favor shown us and try to reciprocate in every case, but we can't please everybody.

The Journal is printed every Wednesday evening, and it is necessary that we go to press at a certain hour, and no matter how much we discommodate others, it is absolutely necessary that we meet our time for closing the forms.

This is the reason why items are sometimes omitted.

Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Emancipated the Negro

Follow his example, and emancipate your wife from the hateful slavery of the wash-tub.

HOME STEAM LAUNDRY.

Bowling Green, Ohio.

THE WET WASH

We want to say a few words about the wet wash. In the first place it is the cheapest way to have your family laundering done, as the charge is only 50 cents minimum for fifteen pounds or less and 3 cents a pound for all over fifteen pounds. It is the quickest way. We get it on Monday and you get it back on Tuesday.—Monday is the only day we have for this work—then you can hang it out on your own line and it will be dry in a few moments as we run it through the extractor, which makes such goods as table linen dry enough to iron. You starch it to suit yourself. If hung on your own line it has the advantage over the laundry dried of getting its sun bath every week. This is a very popular way of handling family washings in some cities, some laundries being given over entirely to this class of work. It is particularly popular in the eastern states, only recently having been tried in this part of the country. Try this work once and see how you like it.

For the minit that you sling it
